

REDS FALL DOWN IN THIRD INNING

Hastings Loses to York on Three-Base Hit and an Error Good for Four Runs.

BEATRICE NOSES OUT FAIRBURY

HASTINGS, Neb., June 21.—(Special Telegram.)—Hastings lost today in the second inning on three walks, a three-base hit and an error, netting the visitors four runs. Riley then replaced Smith and held the Red Sox scoreless the remainder of the game. Score:

Table with columns for AB, H, O, A, E and scores for Hastings and York.

Three-base hit: Harris. Sacrifice hit: Harris. Stolen bases: Drum. Struck out: By Riley, 3. Bases on balls: Off Harris, 3; off Smith, 2; off Riley, 1. In error, 1. Two-thirds innings: off Riley, 2 in error and one-third innings: Double play: Harris to Fiske to Beckwith. Olson to Richardson to Drum. Hit by pitched ball: By Smith, Fiske; by Harris, Watson. Error: By Smith.

Wild Throw Costs Game

BEATRICE, Neb., June 21.—(Special Telegram.)—A wild throw by third in the third by Fairbury to Beckwith, Olson to Richardson to Drum. Hit by pitched ball: By Smith, Fiske; by Harris, Watson. Error: By Smith.

Get-Together Movement

An important "get-together" movement was indicated in the report of the central committee on the public health organization, which has made a survey of forty-four national organizations working on public health subjects, duplicating effort, wasting money and labor and conflicting in functions. It was said a union meeting of all the organizations interested was being planned for 1916, with a view to uniting as many of these organizations as possible in a single strong national organization.

Loan for Hillier Ready

LONDON, June 21.—Announcement was made today by Reginald McKenna, chancellor of the exchequer, that the loan of \$200,000,000, authorized by the House of Commons last week, for war purposes, would be issued tonight. The new loan will be put out at par and will bear 4 1/2 per cent interest.

PHYSICIANS MEET IN 'FRISCO

American Medical Association Begins Annual Convention in Memorial Hall.

BOARDS OF HEALTH VISITED

SAN FRANCISCO, Cal., June 21.—Numerous activities in which the American medical association is engaged, particularly in the line of educating the public for the preservation of health were reported upon at the opening session today of the sixty-sixth annual meeting of the association. Dr. Victor C. Vaughan of Ann Arbor, Mich., dean of the medical department of the University of Michigan, is president of the association and presided today at the meeting in the exposition memorial auditorium.

Dr. Henry B. Favill of Chicago, who presented the report of the council on health and public instruction, said that during the last year the council had continued the development of its program, which includes a thorough investigation of present public health conditions in the United States, the education of the public by every possible means, in order that the people may understand the enormous advances in scientific medical knowledge during the last generation for the prevention of disease and the prolongation of human life. He reported that Dr. Charles V. Chapin, commissioner of health of Providence, R. I., had as the special representative of the council, visited and inspected the boards of health in all of the states and had prepared a report as a basis of standardizing and classifying their work. He said a similar study of federal and municipal health activities was being planned.

Regarding public educational work, the council reported that the speakers' bureau had furnished speakers for 151 public meetings during the year and that the bureau of literature had printed nearly 200,000 pamphlets on different public health subjects, including a campaign of education for mothers on how to save babies, and on the minimum sanitary requirements for rural schools.

The educational work of the association regarding frauds in patent medicines and the interest shown by the public were reported as having steadily increased, and the work which the council undertook some ten years ago in elevating the standard of requirements for medical education was said to have been so successful that the conditions which were outlined in the first report a decade ago as ideal have now become a reality. There were, however, a number of further advances to be recommended, among which were reforms in methods of clinical instruction in medical colleges.

The secretary of the association, Dr. Alexander R. Craig of Chicago, reported that the membership had increased from 74,235 in 1914, to 78,029 this year.

GERMAN SPECIALIST ATTENDS THE SULTAN

BERLIN (Via London), June 21.—Prof. James Adolf Israel, the widely known German specialist, is at the bedside of Sultan Mehmed at Constantinople, according to the Tagblatt. He was commissioned by the Turkish embassy here on June 11 to go to Turkey. Prof. Israel is the sultan's guest at the Yildiz Kiosk, where he will remain until the end of next week. The nature of the Turkish ruler's ailment has not been disclosed.

FIREMEN OF GREATER OMAHA

Rearrangement of Department So Protection Will Be Afforded All Sections of City.

OLD FORCE TO BE REORGANIZED

In the readjustment necessary to bring the fire departments of South Omaha and Dundee into working harmony with the Omaha system, Commissioner Withnell says he will without delay provide a team for the fire engines at South Omaha and will furnish an engineer and driver for this apparatus. During the last week, a house fire at an engineer of the Omaha fire department went down and took charge of this fire engine.

The Greater Omaha fire department system will employ fifteen fire houses in Omaha, five in South Omaha and one in Dundee. They will all be brought into one alarm system and the districts to be covered by some of the houses will be changed.

Increase at South Omaha

The South Omaha companies will be increased from three to four men each. Previous to the appointments made last Saturday evening there were thirty-eight men in the department in South Omaha. Chief Hasbury and Assistant Chief McKale will rank as second assistant chiefs under Chief Salter.

At Livingston and Robert Dunlap of the Dundee fire department will be retained as senior and junior captains, respectively, and six other firemen will be detailed to the Dundee fire station by Chief Salter.

The increase of the Dundee fire department will necessitate taking some men from a few of the west fire houses in Omaha, but the rearrangement of the runs, it is stated, will in a measure offset that feature.

Loan for Hillier Ready

LONDON, June 21.—Announcement was made today by Reginald McKenna, chancellor of the exchequer, that the loan of \$200,000,000, authorized by the House of Commons last week, for war purposes, would be issued tonight. The new loan will be put out at par and will bear 4 1/2 per cent interest.

Dr. Haggard Says Fee Splitting With Surgeon is Criminal Dishonesty

SAN FRANCISCO, June 21.—The secret division of fees between physicians and surgeons is "criminal dishonesty," said Dr. William D. Haggard of Nashville, the fellows of the American College of Surgeons.

"Fee-splitting," Dr. Haggard declared, "is criminal, because it leads first, to unnecessary operations; second, to incompetent work resulting in unnecessary death; and third, to a constant lowering of the moral and professional standards in medicine. The practice has all through it the element of theft."

"When a physician refers a patient to a surgeon under an agreement that the surgeon later is to divide with him the fee collected, the crime is not primarily one against the pocketbook of the patient. It is a crime against the health or life of the patient. This practice means that the physician surrenders of his patient to the highest bidder who naturally is the most incompetent and unscrupulous surgeon available."

PLANT WITH BRITISH CONTRACT IS WRECKED

WINDSOR, Ont., June 21.—The overall factory of the Peabody company, Limited, located in Walkerville, a suburb of Windsor, was partially wrecked by the explosion of a bomb early today. The company is said to have just completed an order of 115,000 British uniforms. Shortly after the explosion in the overall factory twenty-seven sticks of dynamite were found under the rear of the Windsor armory. The dynamite had been attached to a time fuse which had been set for 3:35 p. m., but the fuse had burned out. It is said that 200 men slept in the armory last night.

Horace B. Feabody, head of the overall company, expressed the belief that the bomb had been placed "by German sympathizers" from Detroit. Police and military authorities are working together on the case. The property damage was estimated at between \$5,000 and \$10,000.

CREST OF KAW FLOOD PASSES KANSAS CITY

KANSAS CITY, Mo., June 21.—The crest of the Kansas river at Kansas City was reached today when the stream

mounted to 34.8 feet, according to an announcement by Weather Observer Conner. Unless further heavy rains prevail today all danger of a flood in the west and east bottoms of Kansas City has passed. Mr. Conner said. Both the Kansas and Missouri rivers were falling today at points above here. No heavy rains have fallen in the affected district in forty-eight hours.

"Another evil is that the surgeon feels under obligation to accept the diagnosis of the physician to operate, whether or not on examination he agrees with the diagnosis of the physician. If he does not operate in such cases he discredits the ability of the physician and loses further business with him. This is unperturbed the meanness of crimes an unnecessary surgical operation."

"The sovereign remedy for commission giving by surgeons and bribe-taking by physicians is publicity. If we don't cure the evil by extermination, the public will do it by legislation and the elimination of the unfit. The physician who diagnoses a case is quite as much entitled to compensation as is the surgeon, but separate bills should be rendered by the physician and the surgeon to the patient. In other words, the patient should always know what he is paying for. To stamp this practice out of the profession of medicine is one of the chief tasks of the American College of Surgeons."

K. & B. RETAIN FIRST PLACE IN THE AMERICAN LEAGUE

The Kennedy & Beselins battled with the Mandy Lees, at Thirty-second street and Dewey avenue, in one of the fastest games that has been played on an Omaha field this season. The time of the game was 1:14. The Kennedy & Beselins beat the Mandy Lees by a score of 5 to 1. Riley, pitch, and Nuzard, catch, for the Kennedy & Beselins, Shook, pitch and G. Voss, catch.

SUMMER WHITE HOUSE WILL OPEN THIS WEEK

WASHINGTON, June 21.—Preparations for opening of the summer White House at Cornish, N. H., were begun today in anticipation of the arrival of President Wilson. Servants and motor cars went forward. By present plans he will leave here Wednesday and spend Thursday in New York with Colonel House.

BLACK MURDER TRIAL BEGINS

First Case Growing Out of Sensational Shooting at Marshall, Tex., Called.

LECTURER KILLED IN HOTEL

MARSHALL, Tex., June 21.—The case of Frank O'Leary, charged with complicity in the killing of William Black, a lecturer against the Roman Catholic church, who was shot here shortly before he was to deliver one of his lectures on the evening of February 2, 1915, was called for trial here today in the district court. O'Leary was not present at the shooting, according to testimony at the examining trials last winter. The calling of his case first appeared to be due to a desire to approach cautiously the legal aspects of the shooting, which attracted wide attention.

The night before he was killed Black had delivered a lecture in Marshall entitled, "Romanism, a Menace to Civilization." It was to lecture again that night, Marshall had been stirred by handbill advertising of Black's work. Black, 45 years old, born in Virginia and said to bear kinship to General Robert E. Lee's family, was advertised as "One who knows." The handbills contained charges, cartoons and alleged oaths of the Knights of Columbus.

About supper time Black went to his hotel room, where he was joined by the other members of his party, Clarence F. Hall of St. Paul, Minn., and Miss Sadie Black, a girl he had adopted at her home in Arkansas a few days previously. Three more men, John Rodgers, John Copeland and George Ryan, called on the Black party. According to testimony at the examining trial, all three callers were members of the Knights of Columbus. They asked Black not to deliver his second lecture. Black replied he would deliver it. Shooting began and Black was shot near the heart and killed. Rodgers also was killed and Copeland was shot three times.

Indictments were returned charging murder against the following Marshall men: John Copeland, George Ryan, George Tier, Harry Winn and Frank O'Leary. Public testimony did not develop the circumstances of the alleged connection of Winn and O'Leary with the killing.

Clarence F. Hall of the Black party appeared before two grand juries, but was not indicted. Apartments, flats, houses and cottages can be rented quickly and cheaply by a Bee "For Rent"

AMMUNITION CHOKES TRAFFIC ON SIBERIAN ROAD

TOKIO, June 21.—Advices reaching Tokyo from Vladivostok are that ammunition for the front are arriving at that point in great quantities. So heavy are the shipments that facilities to forward them by rail through Siberia are lacking.

It is an endeavor to overcome this that the Russian authorities have placed rush orders for cars and locomotives in the United States.

Blood Risings Begin A Mere Speck

Stop Them From Growing Large and Dangerous.

Nearly everyone who uses S. S. S. for the blood realizes a friend who went through untold suffering as the result of a mere speck of small blood rising. A host of people did not realize, until too late, what may result from a slight skin abrasion. But they recovered if they used S. S. S., and in almost every village and hamlet, every crossroad and away back off the road is someone who will tell you how S. S. S., the famous blood purifier, restored his health. It is a most interesting fact that this remarkable vegetable medicine overhauls the blood in a manner that excites curious minds. But it acts in accordance with accepted physiological laws and yet its effect is almost beyond comprehension to those who are wedded to such drugs as mercury, calomel, arsenic, iodine of potassium, copper and other harmful substances which all the world bears silent testimony to their destructive tendencies. S. S. S. is indeed a nature's tribute to what we need and it is worthy of note that in almost any drug store throughout the country you will find it ready for at once. It is a perfect case, writes to the Medical Adviser of The Swift Specific Co., 108 Sewall Bldg., Atlanta, Ga. Our word for it, he is one of Georgia's appreciated specialists, retired from active practice, but proud of his name and of his recognized ability.

McCown Again Wins Medal Trap Shoot

Don McCown annexed high score in the Class A medal shoot at the Omaha Gun club Sunday. McCown has had his name inscribed on the medal twice now out of three shoots. Ellison won the Class B shoot and George Brandela came home leading the field in the Class C shoot.

Table with columns for Name, Score, and Class (A, B, C).

ROURKE PARK TO BE TAXED AT STECHER-CUTLER MATCH

All indications now are that Rourke Park will be called upon July 5 to hold the largest crowd in its long and interesting career. These indications are from the advance sale of tickets and from the comment of the newspapers of the state, which show the immense interest in the championship match between Joe Stecher and Charles Cutler. "Here it is two weeks ahead of the match and the sale is wonderful," said Dan W. Gaines, proprietor of the Merchants hotel, which is headquarters for the match. "We are getting orders by every mail from all over the state and western Iowa, and all this in addition to the local demand, which is phenomenal."

Schuyler Defeats Rogers

SCHUYLER, Neb., June 21.—(Special.)—Schuyler defeated Rogers here Sunday in a fast ten-inning game. Rogers allowed five hits and struck out twenty men. Score: R. H. E. Schuyler..... 2 0 0 0 0 1 0 1 2 3 3 Rogers..... 1 0 0 2 1 0 0 0 4 5 5 Batteries: Schuyler, Andrews and Davis; Rogers, Erpes and Gum.

HYMENEAL

Anderson-McQuinn. BEATRICE, Neb., June 21.—(Special.)—Harry E. Anderson of this city and Miss Josephine McQuinn of Wymore were married Saturday at 11 o'clock in the study of Father Freeman at Wymore. After the ceremony a three-course wedding breakfast was served. After a brief honeymoon trip to Kansas City Mr. and Mrs. Anderson will make their home in Beatrice, where the groom is employed as advertising manager of the Daily Sun.

Hanway-Perry

CHEYENNE, Wyo., June 21.—(Special.)—Earl E. Hanway, news editor of the Cheyenne State Leader, and Miss Sunshine Perry, daughter of Benjamin F. Perry of Denver, were married Sunday at the bride's home. The wedding is the culmination of a romance which began several years ago while Miss Perry was a high school student and Hanway was employed in newspaper work in Denver.

John Burroughs Better

KINGSTON, N. Y., June 21.—John Burroughs, the naturalist who has been ill at his home at West Park country, is showing improvement. Today he spent much time on his veranda overlooking the Hudson river.
